

Our Mission:

The Learning Centers provide centralized academic support services to cultivate students' skills, strategies, and behaviors that lead to academic persistence and lasting success.

Our Services:

- **Peer-Led Tutoring** is available in two forms. Walk-in group tutoring is available on all campuses and one-on-one tutoring is available through our partnership with the SAS Honors Program.
- **Academic Coaching** is a comprehensive service for students who want to improve their academic and self-management skills, such as time management, critical thinking, and study skills.
- **Writing Coaching** supports writers in a variety of disciplines and a range of courses. Our coaches meet individually or online, with students about brainstorming topics, organizing ideas, formulating a thesis, structuring paragraphs, and developing an argument.
- **The Learning Assistant Program** provides support by placing undergraduate peer leaders in recitations and providing study groups in several courses.
- **Study group** leaders review course material with students and integrate study strategies—note taking, problem solving, and test preparation—that link course content with cognitive skill development.
- **Academic Success Workshops** are available for student groups or university programs. These workshops address academic skills such as study strategies and time management.
